

OUR SON ZACHARY IS 10 YEARS OLD. ONE DAY LAST YEAR HE WOKE ME UP IN THE MORNING AND TOLD ME HE COULDN'T FEEL HIS LEGS. HE COULDN'T WALK WITHOUT HELP OR HOLDING ON TO SOMETHING. I MADE HIM A DOCTOR'S APPOINTMENT THAT SAME DAY. DR. BLANK WAS VERY CONCERNED. FIRST THEY THOUGHT IT COULD BE AN ALLERGIC REACTION TO A VIRUS. DR. BLANK PUT HIM THROUGH ALL KINDS OF TESTS AND ORDERED AN MRI. THE MRI CAME BACK NORMAL. HE STARTED ZACHARY ON STEROIDS AND SENT US HOME. AFTER ABOUT 3 TO 4 WEEKS ON THE STEROIDS, THE FEELING CAME BACK. I WAS SO RELIEVED AND THOUGHT THE PROBLEM WAS SOLVED.

A FEW MONTHS LATER THIS SAME LITTLE BOY AWOKE ME TO THE SAME DISTURBING NEWS. HE HAD LOST ALL FEELING IN HIS LEGS AGAIN. I MADE ANOTHER CALL TO DR. BLANK. HE WAS EVEN MORE CONCERNED THIS TIME. HE PUT HIM THROUGH ALL THE SAME MOTOR TESTS THAT HE PUT US THROUGH BEFORE AND REFERRED US ON TO DES MOINES.

WE HAD TO ADMIT ZACH IN A DES MOINES HOSPITAL FOR MORE TESTS. AFTER WE GOT THERE, THEY PUT THIS BOY THROUGH ALL THE SAME TESTS THEY HAD JUST DONE IN OTTUMWA. AT THE END OF THIS VERY LONG DAY THEY ORDERED A SPINAL TAP AND NEVER TOOK HIM IN FOR IT UNTIL 1:00 A.M. THE NEXT DAY THEY DID ANOTHER MRI BUT ZACHARY'S BACK WAS HURTING SO BADLY THAT HE COULDN'T LAY STILL. THEY TRIED TO DO THE MRI AGAIN LATER THAT DAY BUT ZACHARY STILL COULDN'T LAY STILL FOR THE FULL 2 HOURS. THEY SAID THEY HAD ENOUGH PICTURES TO GO ON AND ALL THE TESTS THEY HAD DONE WERE NORMAL.

AFTER PUTTING HIM THROUGH ALL OF THIS FOR 2 DAYS, THIS PEDIATRIC NEUROLOGIST CAME TO MY HUSBAND AND MYSELF AND TOLD US HE THOUGHT ZACH WAS MAKING THE WHOLE THING UP. WE WERE SO UPSET!! THIS WHOLE THING HAD BEEN BLAMED ON EVERYTHING FROM A VIRUS TO THE LOSS OF HIS GRANDPA TO NOT EXISTING AT ALL.

I WAS SO FRUSTRATED ALL THE WAY HOME BECAUSE I KNEW MY SON STILL HAD A PROBLEM. BUT I KNEW I HAD DONE EVERYTHING MEDICALLY POSSIBLE.

MY HUSBAND AND I DISCUSSED IT AND BOTH KNEW IT WAS TIME FOR THE CHIROPRACTOR. WE KNEW THIS WAS A POSSIBILITY ALL ALONG. ZACHARY HAD FALLEN OUT OF HIS DAD'S TREE STAND 15 FEET IN THE AIR ABOUT 4 YEARS PRIOR.

WE TOOK HIM TO DR. WOLFSWINKEL AND HE IMMEDIATELY SAW THE PROBLEM. AFTER 4 WEEKS OF TREATMENT ZACHARY WAS WALKING AGAIN. NOW WITH TREATMENTS JUST ONCE IN AWHILE ZACHARY IS DOING GREAT AND HAS NOT HAD ANY PROBLEMS. PRAISES TO DR. WOLFSWINKEL FOR PULLING HIM THROUGH AND FOR UNDERSTANDING WHAT WE HAD BEEN THROUGH AND ENCOURAGING US THAT HE WAS REALLY GOING TO BE ABLE TO HELP OUR SON.

THANK YOU DR. FOR EVERYTHING YOU HAVE DONE.
